You know, Darkside, you're really starting to come off as an arrogant and hostile guy who can't take a joke at all. Stop taking things so personally and maybe people wouldn't accuse you of cheating. (I've seen many people accuse others of cheating simply because it pisses them off) If you're gonna bitch about my format of replying to you, then you should let us bitch about your spelling.

By the way, you ultimately "started it" because you took "gom u hax lawl" to heart and make a movie because of it. Geez, chill out a bit. Nobody HONESTLY gives a damn about how good you are, which is why they say you cheat. That, if anything, should be a hint that people really don't care about your status in a videogame. They dismiss it to really make this point stand out.

Also, you honestly have no damn clue about me; all you know is based on posts that attempt to be nice to you but are only replied with by flames on your part. CAN YOU NOT RECOGNIZE ME BEING POLITE? I hope you can.

"viper i think u ridicule u'r self more than me and my english," What the fuck, dude?

Here's a prediction I'll make for your reply: "ya im readin ur post but chronojam is ignoring my qestions n he ridicule hmslf"

Try posting the question without a bunch of insults and distractions laced around it if you expect people to answer you. You're probably gonna take that as an insult, but it's a suggestion that's there to make you easier to understand. Alright?
