O_o ...eh? He spends plenty of time with me; we both type very fast so posting here really doesn't take much of our time. Plus we're both good at multitasking. =P Doesn't this count as spending time together though? It's a common interest, ya know. Both posting at the same forums and all that... ^_^

For the record, long distance is a bitch but you have to work hard for everything in life, don't you? We've been doing this for four years so don't worry about us having a hard time with it or anything, we're fine. ^_^ If it doesn't kill you, it makes you stronger. =P

Also, another "for the record" comment: James doesn't really care about your sniping skill or cheating or whatever, he just thought it was retarded that both you and Renardin would care so much, that's all. How do I know this? I read minds! Bwahahaha!

I know I said to contact me in some other way so I wouldn't whore up my post count with one-liners, but this is a bit different since it's a longer response. Sorry if it seems like I was lying or anything similar. ^^

PS: I get the feeling you think Chronojam and I are n00bs at relationships... we're not at all. ^_^ Infact, many people come to me for relationship help. I am pretty much the #renalert relationship doctor. You can come to me for help, as well, if you need some.

PS (again): It's okay =P
