Something like this has been done before:

<http://members.cox.net/ahsan/1.gif>

<http://members.cox.net/ahsan/2.gif>

<http://members.cox.net/ahsan/3.gif>

Also if you are going to charge people money to use regulator bots, you better consult with thier authors first. Many of these items under GPL will not allow you to make a profit of thier work.

Perhaps you can make a deal with them and pay them to use thier bots commercially.
