gbull wrote on Thu, 08 September 2005 19:12I probably won't get the PS3 unless they do a remake of Final Fantasy 7 for it. Its a great game but its so hard to look at.

Haven't you seen the FF7 "Tech Demo" for PS3? The one where they redid the entire opening video for PS3 graphics? I think it even has updated music, but I'm not sure.

I'd say that's a pretty big hint that they're working on a remake of FF7 for PS3.
