i was thinking...

im going to 'try' to recreate the beta with some peeps... im going to be modeling (trying)...we would mainly work off the pictures of the beta. because not all the beta files were realesed.. with that said we would also be recreating the maps to fit with it.. if anyone wants to help please pm me it qwould also help if we ahd people who actualy played the beta or still has files of it... but yea

also for you E-Terrorists, please dont

THANKS!
