I've said this before, but apparently, I have to say this again:

If you're not going to post something relevant, or if you're going to post simply to bash the idea of leaving this post up so, in the chance that this "Adad" fell'a does read it, he might be convinced to liberate some of his ill-gotten gains, then please. Don't post here. Make your own topic elsewhere. Whine in your Live Journal. We don't care. Just take it elsewhere.

Now, as for trying to sway someone like Adad, I think it's a good idea. You never know. He might very well want to give the serials out, even if for some-odd price. If not? Then oh well. At least you tried. And there's absolutely no harm in trying to talk to someone.
