Kanezor wrote on Mon, 12 September 2005 22:12 I love how these installers check to see if the install directory doesn't exist and if not, ask you if you want to create it. I mean, if I didn't want to create that directory then maybe I didn't want to install the game. Right?

In what way is this a game breaking thing and why should anyone care? It's just installing the fucking game. I swear, you people post the most petty shit.
