Oblivion165: *r1.ncbrvr.InfoAve.Net
CPUKiller: *r1.ncbrvr.InfoAve.Net
intergalacticpriest: *r16.ncbrvr.InfoAve.Net, *r3.ncbrvr.InfoAve.Net

Oblivion, lol, tell me you didn't just create "CPUKiller" and "intergalacticpriest" so you would have others to argue on your side in this thread? (Or so you could keep up your "let's stop this and agree to disagree etc. etc. we're setting a bad example for the new members etc."?)
