ghost wrote on Sat, 17 September 2005 23:16 on the topic. he said i should be banned him RG. Im pointing out i have a second laptop which isnt banned... Im sayinf if im banned i could just use my second laptop to play from.

Not really, its not the computer thats banned, but your renegade CD key, so unless you use a different copy of renegade on your second laptop then you would NOT be able to play on it.
