My deepest, darkest secret is...

...I'm an alien. In five years' time, I will return to my mothership and report that humanity is ripe for the pickings. An invasion will then begin and all who resist will be killed. If you submit now and pledge allegiance to your new alien overlords, your deaths may be quick and painless, depending on our mood after we drain your oceans and raze your cities.

It's a secret...ssssshhhhhh....
