---

Is my signature really making it lag because if it is I will take it off straight away if it is...

I don't want to create friction in the community...

If my pic lags you plz tell me and I will remove it.

-Sk8rRIMuk

Edit : I changed the picture it is now only 364 kb compares to its predecessor which was 2,421 kb and I cut the amount of frames by one third .
