Also, make sure if you're smoking salvia to have someone sober spotting you, since for about 15 minutes you'll be almost completely disconnected from reality.

Nice..

Well, my buddy who spotted me on zoomies, also smoked saliva and told me about it. Soo expensive though! I found shrooms to be absolutly FANSINATING though, during and after. BTW, have you ever put water on your face while tripping on shrooms? Doesn't it feel like your face is melting/it never gets dry, or something weird like that? Maybe it's only me...
