something along the lines of Strike team wouldn't want to be a part of our community because people flame each other here....but, wait a sec, they are going to host this community (being Ren) soon and news flash, everyone in Ren has, does or will flame someone else at some point in time so your theory is flawed...

And we rarely flame lil 12 year old kids...we ignore them....we flame people who ACT like lil 12 year old kids, or those who preach to us in a different language and try to pass it off as English....
