it has almost everything. if im missing something tell em and send it to me a nd i will add it.
Gmax 1.2 serial key:
is this legal? -Crimson

also could someone please host the file please. THANKS!
Files:
-renegadetoolsinstaller2.exe
-leveledit-dev.zip
-gmax.exe
-tutorials
-dds converters and opener's for photoshop and paintshop pro
-mix decompiler/opener
-dragonade sourcecode
-w3d importer
-pre-built building's
-and a lil more

those are the main files.. i dont feel liek typign the list up *its to long*
-ben5015se
edit: sorry i should have said the files in it.
edit 2:better read me file
