how do you know that a sniper is using clear scope?

as for this, "im doomed to play games that are dominated by guys who can pin entire base's down with a sniper)"

Are you suggesting you aren't able to win maps because of snipers? No offense sir but you do not know how to play this game if that is the case. So when making a statement like this, "If asked whilst im in game about how they died -----i say ima stealth sniper with a rocket launcher, IMHO if you have to ask it means you new to the game and i aint rewarding ignorance" it holds no water since, well besides the fact that you go in and put c4 on Sbhs and waste what could easily be 2 people using tanks to take the field. Not to mention given what you state about you getting a rocket launcher i can only assume that you probably go collecting weapons to only prove more worthless. so please, if you're going to talk about people being new to the game, at least don't be a hypocrit. And if you're seriously the adult in this supposed father-son ordeal, then may god have mercy on your child (figuratively speaking)
