omega79 wrote on Sat, 29 October 2005 07:35 you know what pisses me off is that you cant use commands like !donate without rg, or those annoying popups which are telling you that you dont need to use renguard but you shouldl agree, that's quite annoying. But you know what? The RenGuard team cannot do anything about that. It's the server owners that set whether or not their players can use !donate and etc.
