They always turn out to be jerks and It always ends badly.

Yeah, go lesbian, gooooooo!

We aren't all jerks. There might be one exception at that rule. Just find it. (3.000.000.000 other girls try that too...)

Seriously, it's sad to see how you feel toward guys. But don't be naive at all anymore as you say. Just protect yourself, don't f\*ck on the first dates (yeah, wait for a month or more before you go further with the next guy) and if he can wait long enough and respect you, it will be the good one. Jerks never wait long to get what they want. As for relationship after wedding, there are no miracles. Each person in the couple must be intelligent enough to shut up when it's needed or to talk when there are problems. My longest relationship lasted 2years and a half and believe me, sometimes, girls can be bitch too... But it was just one girl... And I won't throw all of the girls in the same hole just because one was a bitch.

So just give some guy a chance and find the love again.

And about what love is:

Charles Baudelaire used to say:

"If you can give an explanation or a reason to your love, then it's not love, it's just interest."
