I just want everyone to notice what happened here. "Crazy" came in here saying he didn't cheat, and got all his friends in the HT clan to back him up. The HT clan (whose members are mostly polluted with blatant lies about RenGuard and BHS) members came in here and backed this guy up. The whole thread turns in a statement of "OMG LOOK BHS FUCKED UP!" And who came out as the truth teller in the end? We did. He WAS in fact trying to use a bypass and got caught. And yet SOME CLANS *COUGH HT COUGH* still think we are completely incompetent when it comes to stopping cheaters.
