iPod Shuffle 512MB: \$120

Feature list:

- Plays audio files.
- Can be used to store files.

SanDisk Blue 512MB: \$90

Feature list:

- Plays audio files.
- Can be used to store files.
- Has a voice recorder.
- Has an FM radio.
- Has a backlit screen for easier navigation.

Every single iPod, when compared to other brands' players with similar capacity, is more expensive while having either only just as many, if not fewer features. iPods are overpriced and overrated, and that's the end of that bloody story.
