GBUL, clanwars.cc is the official renegade clanwars site... all he is doing is letting people who might not know about it join. There isn't a single clan on the westwood ladder that can even compete with any clans on the cw system... Joining the league is the smartest thing you can do to improve your knowledge of this game... and to find clanwars. And since you don't seem to like it.. Well do us all a favour and shut the fuck up newb
