I really, really, hate emos. The self-righteous bullshit that is "omg don't talk to me because i r emo. nobody understands me :( ". And if anything pisses me off more than that, it's the "i r cool cuz i don't label lolololol!!1"

Now I would like to hear everyones input on this subject.

And for all you emos reading this: Go post in your livejournal, or do something useful like get a backbone, or die. Whichever 's easier.
