I personally see the OP as a silly idea. You don't trust third party programs, ok you made your point, people didn't agree with you, but that is THEIR OWN OPINION, and instead of accepting it, you decided to attempt to ram YOUR OWN OPINION down their throats in an ill guided attempt to make others change their minds or see they are wrong.

You're wrong in my opinion, but that's my opinion I will keep it, I won't change it and frankly I couldn't give a fuck if you agree with it, respect it or print it out, take it outside, wipe your ass with it and then burn it. It's the way I feel it has fuck all to do with you.....learn that word BrokenClaw, It's nice you have your own opinion, let others have theirs too. Not everyone is right or wrong all the time.

^That is open mindedness.
