"Sniper Clans" in Renegade are indeed the lowest of the low-lifes ruining this game for the rest of us. You people make all servers miserable Sniper-fests where it's entirely "Kill or be killed," as opposed to "Return the enemy's flag!" or "Destroy that structure!". I'm willing to wager that none of you losers have any clue as to how to do jack-else when it comes to Renegade. In fact, I'd even go as far as to say that you people have never even played the freaking Campaign missions!

You people sicken me.

(. . .as I'm sure I must sicken you with posts like this.)

Ummm, who are YOU to make a comment on that? You don't even play clan games. I'm not saying I don't agree with you, but I do to a certian point. Sniper clans are mostly full of former AOW players that got fed up with being owned time and time again. Instead of TRYING to learn AOW games, they took the n00b way out and went for less complicated Renegade gameplay. You should get into the ClanWar scence Collins, someone with your intelligence could actually become a sizable opponent with enough practice. But if you wanna kick it here with these... "Renegade players" then that's your choice. Just in case,

check it out, make an account and look for a clan that's willing to train you in the ways of Clan Matches, if you'd like, -HCMF- is recruiting, we'd be happy to take on some noobies and train them into AOW machines
