Scorpio9a wrote on Sat, 05 November 2005 10:18Nice idea and all, but here are some test results:

RenGuard 1.04 Full - 3.0 seconds startup time. (ready to start renegade with html loaded)

RenGuard 1.04 Lite - 2.2 seconds startup time. (ready to start renegade)

Lite has the sound system completely disabled and no html control at all. I am sure we can live with 0.8 seconds imo, again i like the idea, but is it worth the 0.8 seconds that you hardly notice? That does depend on your PC speed, memory and stuff. The less, the better, and people like me will stop complaining
