The people that will come here from that forum are nothing but trouble. And they are wrong. Sheesh Noddy, that isn't too nice.

First of all, I don't see how you can qualify a whole online community as "wrong" or "trouble". Seems to me that the trouble here is you.

From what I've read so far the political views here aren't so different from those on ZGeek. Moore's 9/11 is an example of that. You don't have to be American, Aussie or barely conscioous to see that was shit. The other threads I have skimmed seem about the same; stupidity is stupidity in any hemisphere.
