They're relentless, though, I doubt republicans would be much different if that was a liberal in the spotlight.

If someone like a president admit a fault, it's only because he can't be president the next time. So he better leave with a good image for the public. And then the next republican will make it...

aaaah politics... Another way of arguing over the net.

(omg I trolled this super topic...)

(PS: don't make fun of fat people! Seriously think about hydra, bigjoe45 and the ack's girlfriend... They are all fat. So watch your words.)
