They're relentless, though, I doubt republicans would be much different if that was a liberal in the spotlight.

If someone like a president admit a fault, it's only because he can't be president the next time. So he better leave with a good image for the public. And then the next republican will make it...

aaaah politics... Another way of arguing over the net.

(omg I trolled this super topic...)

(PS: don't make fun of fat people! Seriously think about hydra, bigjoe45 and the ack's girlfriend... They are all fat. So watch your words.)

Get the fuck out of this thread if you're going to flame people. If you're going to shit on threads, shit on the ones at your website.

I'm really not in the mood for you to spam random shit.

(By the way, your signatures sucks - there is clearly no sign of cookies and it looks like you made it in paint...)
