The people? Yeah right. 90% of the people in renegade are complete morons, and will exploit any little thing they can find to gain the advantage. The only places you'll find teamwork is on clan servers and server with 2 or 3 veterans on the same team(in which case the team without the clan or veterans get pounded).

The 10% make all the difference. In a game like BF2, you play people once and never see them again.
