I used to play Renegade and CS: Source interchangeably and I gave up Renegade for a while.

The thing with renegade is that ever single game you play is going to be a brand new one. Even if it's the same team, map, server, etc very little will be the same.

Counter Strike Source on the ohter hand, to me is extremely repetiitive.

Boom! Band! Fire in the Hole!..... Counter Terrorists win.

This thread actually made me start to play Renegade again

and btw my name is a bit ironic, but I made that up before I knew Counter Strike Source existed.
