Reminds me of some guy in our village. The guy is brilliant with magic tricks. I and a few friends were in a bar and already had a few beers, and he comes in and shows off a few card tricks to me.

You always see these guys on TV, and you think it shouldn't be so hard to spot the trick when you're actually there. But believe me, I couldn't find one possible way to do the magic. It were normal cards (I checked them).

Ok I already had a few drinks so it is easier to fool me. But I also have seen him while I was sober in a discotheque. The guy is just scary, I just can't find out how he does it.
