OK, my friend, B32154, was banned for not taking a screenshot of some guy's head, and he didn't know how to take a screenshot at that point in time. He cannot logon to certain rooms (blackcells), and he says he is banned by "host".

Could someone please explain why this should be allowed to happen?

he had asked for help on taking a screenshot, but was ignored.

An explanation would be greatly appreciated.
