I criticize YOU because you went into this war, and you are not a nation that has extremist terrorist cells. There's not point in going OMG TERRORIST CELLS GHEY! LOL! Everyone knows that, but the US is a country that should, as a superpower, know better than to go "bibi cives lol."

Unfortunatley, not everyone thinks that way. "Y R U CRITIZING UZ WER ONLE TEH SMRTR GROUP!!1oneoen!11!"
