Whose authority it was aside for now, the UN did declare that parts of the cease-fire were breached, BUT had also given Iraq a "last" chance to fix the breach.

Quote: 2. Decides, while acknowledging paragraph 1 above, to afford Iraq, by this resolution, a final opportunity to comply with its disarmament obligations under relevant resolutions of the Council; and accordingly decides to set up an enhanced inspection regime with the aim of bringing to full and verified completion the disarmament process established by resolution 687 (1991) and subsequent resolutions of the Council;

Despite that there was a breach in the cease-fire, the UN forgave it.
