icedog90 wrote on Sat, 10 December 2005 00:16I think I play better in CS 1.6 than in Source. The spray pattern is a lot different too.

Oh, and try playing with left-handed models. It's really hard and fun... and now that I'm used to it, it's second nature.

I don't look at the model just the crosshairs. Frankly, I wouldn't mind if there was no gun model in the way.
