andysh wrote on Thu, 15 December 2005 01:08I belive the new SSAOW (1.4) does not have the ctf mod in it.

the latest SSAOW is AOW by default, but has snipe and ctf mods in it somewhere

klote2314 wrote on Thu, 15 December 2005 09:22ok i made some new changes in the objects.ddb but how do i use it for ma server how do i have to install it so ma server is using it

Put the objects.ddb in the servers data folder...
