1. "Fucktard" isn't even a word.
2. The spelling is correct.(if it even was a word) Maybe you should get glasses...
3. It's most likely that luv didn't even make the picture in the first place.

I think you should change your statement to: "Warning, fool who can't see 'fucktard' detected". And this time; direct it somewhere else, like a mirror

Thank you well said, and your correct I didn't make it. He is correct though, in the pic it's spelled fuchard not fucktard. Don't really know why or care, you still get the point.
