1. "Fucktard" isn't even a word.
2. The spelling is correct.(if it even was a word) Maybe you should get glasses...
3. It's most likely that luv didn't even make the picture in the first place.

I think you should change your statement to: "Warning, fool who can't see 'fucktard' detected". And this time; direct it somewhere else, like a mirror
Thank you well said, and your correct I didn't make it. He is correct though, in the pic it's spelled fuchtard not fucktard. Don't really know why or care, you still get the point.

No, I'm pretty sure that it is "fucktard", but with the font that it uses the k looks like an h.
