Ok... how many times do you have to be told... THAT is a waste. Laugh to yourself... out loud even... just don't post it. You want a definition of spam? It's you. You registered 9 days ago and you ALREADY have, as of this post, 145 posts being 16.11 posts per day. If it's not going to be a contributing factor to the ongoing conversation and more than one smiley, one word, or one abbreviation then don't bother hitting reply.

You didnt even see him when he was at 28 posts per day. THAT was spam. At least his siggy isnt long. It would take up so much space, considering that he usually posts multiple times per thread.
