First of all, i didnt rip Quad's bot is was nopic that striped it, i didnt strip any bot i was trying to do some scripting, and couldnt get stuff so i asked him if he could help me on some scripts and he sed Yeah hold on...

then he comes back and sends me N-Bot im like WTF is this...

He sed it was his bot that he made then he told me that he is a really good scriptor so he edited everything from (N-Bot) to (AG-REG) and I did not know that is was Quad's bot in the N-Bot config it sed

;Thanks for using N-Bot created by Nopic01.

So thats what happend with the problem just wanted to sum it up.... and snipgod dont talk bout my parents k, thx.
