Well, on www.thekoss2.org/uploads you'll see there is an "old cd-crack" and an "easy to use" one. the "old" one is the one most or all ren players use, doing 1. install ren, 2. patch, 3. no-cd, 4. rg, ...

The easy to use one can be used after you installed RG if wanted ,it detects it itself.

/rant
