mision08 wrote on Tue, 10 January 2006 04:21 You should look in the phone book for computer repair shops, or somesuch. If you need to be thrifty, buy a used card from a local shop. No need in purchasing a new card that is 2002 technology. Plus, it's good to have folks in your area to trade with.

Not all AGP slots are the same.

You live in Cali, home of Silicone Vally!!! They toss video cards in the dumpster for fun. Are you a tree hugger? Is the mountain just North of LA, called the Grapevine?

He wants a BETTER video card, not a replacement.
