Well... Considering the N64's first game(unless I missed my guess), Super Mario 64, was released on June 23rd, 1996 in Japan -- the Nintendo 64's point of origin...I'm pretty sure you're mistaken. Additionally, I don't think there was ever a game called "Command & Conquer: Commando". Though there was a game called Commando for several gaming platforms. The most widely-recognized one would be the Famicom/NES port of the classic Capcom game where you play a Rambo-type militant bent on single-handedly taking out all opposition.
