What're your Super Bowl predictions?

I'm bettin' that the Steelers beat the Broncos in the AFC Championship and play the Seahawks in the Super Bowl.

I'm pullin' for a Super Bowl finish to Jerome Bettis's fantastic career; he's definitely a future Hall of Famer, so I'd think it'd be only proper that he go out with a Super Bowl win.

Besides, the Steelers are the only AFC team worth a damn (screw you, Patriots).
