Due to web space runnith unnith, I can post some pic's of my latest map here,
<http://www.cox-internet.com/kleboeuf/sc.html>

but the best thing for you to do is to just down load one and see what it's like and if you like it,
down load another one, the links are all below.
my favorites of these would be the first two. I have other's as well, I can show you buildings I've
done if your interisted as well.
