Buckery wrote on Sun, 29 January 2006 02:23Ok is it possible to make a script so that only a GDI person an get into a GDI tank. Same with other teams.

When a vehicle is created at Airstrip only Nod can enter it. When vehicle is created at Weapons Factory, only GDI can enter it. However, once you enter it, and get out, any side can enter it(Westwood probably made it this way so that SBH can't steal newly made vehicle). Maybe you could use this somehow?
