Yeap, those are next on my list.

Anyhow, I'm first with the first vehicle. I included the files below. The tank has the whole nine yards, Damaged emitters, own LE presets, temps file giving easy access for mappers and much more!

More Screenshots attached below!

Edit:

As soon as I get this thing uploaded, I will post the file.

The HUD in the bottom left corner consists of a circular radar with a green needle pointing towards the top. Below the radar is a green health indicator with a plus sign and the number '200'. The text 'EVA' is positioned above the health indicator.
