Subject: Re: looking for someone that knows how to make windows installers
Posted by jonwil on Mon, 06 Feb 2006 05:30:22 GMT

In the end I used Nullsoft Installer to build the installers.

As soon as someone with access moves the files into place, I should be able to make a release announcement about Core Patch 2 Release Candidate 1. (which will be available for everyone to download) If bugs are found, a Release Candidate 2 or Release Candidate 3 might be released otherwise Release Candidate 1 will be "blessed" as official CP2.
