truthfully...i don't see what he hasn't done wrong...but i mean...if he is truly new to forums like he's said...then he doesn't deserve to be banned. there have been many more people with about as much spam, if not more...just he is more recognized than most. so all in all...i guess i'm trying to say don't ban him...but just keep a close eye on him or something. Make him agree in an online post...make it like a contract or something or give him a 3 strike system...i dunno...just don't ban him...yet anyways.
