I decided to take a crack at skinning, and well, here it is.

<http://mywebpage.netscape.com/joerodsplace/Blue+Flettchet.zip>

This skin amkes the flettchet gun for GDI kinda like a blue tiberium test flettchet gun. This is my first attempt at skinning, but I think it's pretty decent. Don't forget to post comments. I like comments both positive and negative.
