you fucked up your quotes and yes I saw that you apologised and for that I give you credit (perhaps I should have mentioned that in the first post). However that doesn't change my opinion of the situation. And yes you have delt with me, way back when fnfall was hosting RS irc for me and Opty. I'll leave it at that since it really doesn't matter any more. Btw, just so were clear. I chose to judge and group fnfall just like you did Renguard and it's users.
